Surge

Simple and fast static site publishing.

The screenshot shows the Surge website homepage with a light green background. At the top left is the Surge logo (a green bird icon) and the word "surge". At the top right are links for "Pricing", "Tour", "Docs", and "Install". The main title "Static web publishing" is in bold, dark font, followed by "for Front-End Developers" in a smaller, italicized dark font. Below the title is a description: "Simple, single-command web publishing. Publish HTML, CSS, and JS for free, without leaving the command line." Three statistics are listed below: "132,042 deployments", "1.17 TB published", and "18,221 projects". A large grey button is at the bottom.
